INSTRUCTIONS:

1. The United States Electronics and Communications Command (CECOM) will conduct an anonymous, online reverse auction for the requirements specified in Section B of this solicitation. The date for this Reverse Auction will be 6 October 2004. Delivery will be in accordance with the specified delivery schedule in Section B of the solicitation. The contractors shall sign and return this agreement in addition to Section K, Representations and Certifications to the Contracting Officer at CECOM to receive a user ID and password for the Reverse Auction by COB 30 September 2004. Please submit the following information for user name and password assignment: First and Last name, company name, mailing address (street, city, state and zip code), phone number, e-mail address and time zone. All approved vendors will be provided a user name and password, training date and POC via email prior to start of auction. The web address to gain access to the auction will also be provided along with the contractors username and password. Point of Contact for this requirement is Contract Specialist Colleen Sweeney, and can be reached at 732-532-1530 or via email colleen.p.Sweeney@us.army.mil. The bidders agree to meet each requirement specified and only offer items that meet or exceed these requirements.

2. By participating in this Reverse Auction you grant the Government the right to disclose your price, however, your name will be kept anonymous. The Contracting Officer also reserves the right to suspend or cancel the Reverse Auction at any time. If the Contracting Officer cancels the Reverse Auction, the solicitation may be processed following normal sealed bid procedures.

3. It is anticipated that a Firm-Fixed Price contract will be executed for this requirement. Bidders must propose on the full quantity only. For the purpose of pricing SLINs 0001AA and 0003AA for this Reverse Auction, bidders are to propose a quantity of 100 each for SLIN 0001AA and 1 each for SLIN 0003AA. SLIN 0002AA is not separately priced. The price entered on the web site during the Reverse Auction shall be the total price. For example, the price for line item 0001AA and 0003AA will be priced as one total lot price (a quantity of 100 times the unit price for SLIN 0001AA and 1 times the unit price for SLIN 0003AA, then add both SLIN prices for net total price). A bidder shall not be permitted to submit any revised pricing other than the final price submitted during the Reverse Auction. Once the Reverse Auction is complete, the winning contractor shall submit a signed copy of their final bid prices to the point of contact above. Bidders/Offerors have 24 hours from the time the Reverse Auction ends to submit a complete breakout of SLIN prices.

****CAUTION: Unbalanced bids will cause Bidders/Offerors to be eliminated/found non-responsive (See FAR 14.404-2(g), 14.405)****

4. The Governments starting price for this auction will be at a total net price of \$120,000. Bids will be submitted in minimum decrements of \$250.00. If a bid is submitted within the last four minutes, as indicated by the web site server clock, of the time period specified for the Reverse Auction stop time, the time period shall be extended for an additional five minute period beyond the time of the original stop time. An offer during the Reverse Auction must differ from the market, leading offer by at least the decrement identified on the auction detail page. If no bids are submitted within the extension period, the Reverse Auction will close, i.e. within the last four minutes of the original scheduled stop time. Further, if an extension period is generated and an offer is submitted within the last four minutes within the extension period, another five-minute extension period will be generated. There will be no limits on the number of extensions in each Reverse Auction, the market price will be the determining factor in closing the Reverse Auction. When no bids are submitted during the last four minutes of the extension period then the auction will close.

5. By participating in the Reverse Auction, contractors certify they will not knowingly disclose their price to any other bidder except anonymously during the Reverse Auction. The contractors further certify that anonymous disclosure of its price during the Reverse Auction shall not be for the purpose of restricting competition.

SECTION M - EVALUATION FACTORS FOR AWARD

<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
------------------------	--------------	-------------

M-1 52.6110 FAILURE TO COMPLY WITH F. O. B. TERMS APR/1991

F.O.B. terms and shipping instructions are set forth in Section B under each item, and/or in Section F. For purposes of evaluation, bidders/offerors are cautioned that any bid/offer submitted on a basis other than F.O.B. Destination for Items 0001AA will be rejected as nonresponsive or may be considered unacceptable.

M-2 52.7100 ALL OR NONE BASIS FOR AWARD SEP/1997

A bidder/offeror must quote on all items in Section B of this solicitation to be eligible for award. The government reserves the right to award the items in Section B on an 'all-or-none' basis; therefore, evaluation of bids/offers will be based, among other factors, upon the total price quoted for all items.

M-3 52.7300 TREATMENT OF DUTIES IN THE EVALUATION OF BIDS/OFFERS APR/1992

a. Duty will be excluded from the evaluation of a foreign source bid/offer if the foreign source is an FMS/Offset Arrangement country, DFARS 225.7307 or a NATO cooperative project participant, DFARS 225.871.

1. An 'FMS/Offset country' is a foreign country which has an offset arrangement negotiated in conjunction with a Foreign Military Sale and which arrangement provides for obtaining a waiver of the Buy American Act restrictions on a case-by-case basis.

2. Cooperative project authority allows departments or agencies, that have authority to do so, to enter into a cooperative project agreement with NATO or with one or more member countries of that organization under DoDD 5530.3, International Agreements.

b. However, in the case of designated country end products under DFARS 225.4 (unless the designated country is also a NATO cooperative project participant or an FMS/Offset Arrangement country), it can be concluded the duty is to be included in the price for evaluation, since there is no specific coverage of duty. Designated countries are the countries designated in the Trade Agreement Act of 1979. The list of designated countries appears at FAR 25.003.
